Dear «First1»:

We are writing to remind you that it's time to re-examine your eyes. Your last eye exam was over a year ago. We also wanted to tell you that **we have moved just down the street to 1700 B Ranch Road 12**. We have expanded our building and remodeled everything in order to offer our patients more services such as:

- **More Doctors**
- **More Exam Rooms**
- **Larger Selection of Glasses**
- **Computer Scheduling**
- **Contact Lens Drive Thru**
- **On Site Lab for Same Day Service**

Don't let the symptoms of ocular allergies ruin another day, week, or even year!

Do you have red, itchy, watery eyes? If so, you may be one of the 50% of the population who suffers from allergies. As you may already know, allergies can ruin a week, a month or perhaps the entire year. While seasonal allergies are common in the spring and fall months, ocular allergy symptoms can actually bother you throughout the year. Please contact our office for an evaluation of your symptoms. If you suffer from allergies that affect your eyes, let us provide a prescription for Patanol, a medication that is proven to offer immediate as well as long-term relief.

We know your time is valuable, but we believe that taking just a moment from your busy schedule will help ensure the continued good health of your eyes. Please call now and let us schedule your eye exam for a time that's most convenient for you.

Thank you for your confidence in our practice. We look forward to seeing you in the office soon.

Sincerely,

Dr. Jackie Guldin
