Dear «First1»:

Our records show that it is about time to have a new eye examination. Regular eye exams are an important part of maintaining your eyesight. Our exams include more than just checking for 20/20 vision. Screenings for blood pressure, glaucoma, cataracts and more are all part of a routine examination. Simply call our office anytime to schedule an appointment.

What's New! Nike MAXSIGHT Contact Lenses

Nike MAXSIGHT is a revolutionary tinted soft contact lens that provides excellent visual performance benefits for athletes and recreational wearers that helps eliminate image distortion and improves field of vision.. Nike MAXSIGHT is available in two different sport-specific tints that come in both corrective and non-corrective versions. Athletes and recreational wearers can select between amber and grey-green lenses, depending on their sport needs. Amber is superior for fast-moving ball sports in variable light conditions (such as baseball, soccer and tennis), while the grey-green lens is ideal for sports played in bright sunlight where glare and comfort are primary concerns, (such as golf, running and rugby). Whether it's on the field, the track, the green or the court, athletes want comfort, less glare, enhanced contrast, reduced exposure to UVA and UVB radiation and options for all sports. To get more information about Nike MAXSIGHT contact lenses go to www.nikevision.com

ADIDAS EYEWEAR

We are excited to announce that we are now an authorized retailer for **ADIDAS** eyewear. These high-performance sunglasses are made with the latest technology to ensure exceptional vision, protection, fit and design.

Just a few of the many features of **ADIDAS** sun wear are Polycarbonate Lenses which are decentered for 100% optically correct lens with zero distortion, patented SPX frame material with unbeatable durability, ClimaCool ventilation system which manages moisture and prevents fogging and Performance Inserts which are ideal for those needing optical correction.

For more information about these high performance sunglasses please visit www.adidas.com/eyewear
